

# How to whitelist an email address with Karoo Webmail

Login to Karoo Webmail

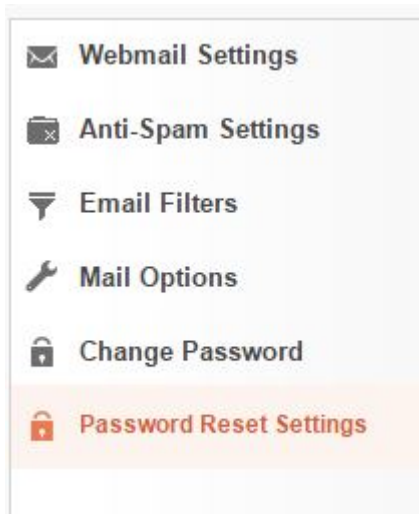

The login screen features a 'Login' heading at the top. Below it is a yellow box with the text: 'Welcome to webmail. If you can't remember your login details, you can [retrieve them online](#) or [contact us via LiveChat](#) (Mon-Fri 8am-8pm, Sat-Sun 9am-6pm)'. Underneath the yellow box are two input fields: 'Email address' and 'Password', each with a small icon on the right. At the bottom is an orange 'Login' button.

Choose Settings from the top menu

Choose Anti-Spam Settings from the side menu

## Whitelist senders

Specify a list of email addresses and domains to whitelist. Each entry must be on its own line. Any email or domain that matches will automatically be flagged as trusted without being classified as Spam.
